

eCheck/Credit Card

Last Modified on 01/17/2023 9:55 am EST

Once you are approved by Forte, we will enter all of the necessary credentials to link AlarmBiller with Forte. We will let you know when this information is entered. We will ask that you create a \$1 invoice and process a credit card transaction to pay that invoice. This will validate the link between AlarmBiller and Forte.

The screenshot shows the 'Forte Merchant Account' interface. At the top left is the Forte logo and the title 'Forte Merchant Account'. To the right of the title are two buttons: 'New Forte Merchant Account' and 'Forte PCI Compliance', both of which are circled in purple. Further right are 'Cancel' and 'Save' buttons. Below the title, there are four input fields: 'Merchant Login Id' (containing '155815'), 'Password' (containing '*****'), 'API Login Id' (containing 'v6hBT2gKe'), and 'Secure Key' (containing '*****'). A purple '1.' is placed above the 'New Forte Merchant Account' button, and a purple '2.' is placed above the 'Forte PCI Compliance' button.

1. New Forte Merchant Account

Click if you need to access the Forte application.

2. Forte PCI Compliance

Click for information on becoming PCI compliant.
