### Terms of Service for AlarmBiller – Version 1.01

#### Introduction

Welcome to AlarmBiller ([www.alarmbiller.com](http://www.alarmbiller.com)). This website is owned and operated by Perennial Software, Inc. By visiting our website and accessing the information, resources, services, products, and tools we provide, you understand and agree to accept and adhere to the following terms and conditions as stated in this policy, hereafter referred to as the ("User Agreement"), along with the terms and conditions as stated in our Privacy Policy (please refer to the Privacy Policy section below for more information).

The provisions of this User Agreement (the "Terms") apply in lieu of any course of dealing between us or usage of trade in the industry. The Terms may in some instances conflict with some of the terms and conditions affixed to any purchase order or other procurement document issued by you. In such case, the Terms shall govern, and acceptance of your order is conditioned upon your acceptance of the Terms, irrespective of whether you accept the Terms by written acknowledgement, by implication, or acceptance and payment. Our failure to object to provisions contained in any communication from you shall not be deemed to be a waiver of the Terms in any respect; and any such provisions are hereby objected to.

Any change in the Terms must be specifically agreed to in a separate written sales agreement which has been signed by both you and us before becoming binding on us. You will be deemed to have assented to the Terms if any part of the products and/or services are shipped or provided, or an invoice (whether written or electronic) is presented in connection with the said products and/or services.

The User may read the Terms and Conditions and scroll to the end. Check the box next to 'I agree to the Terms and Conditions' and select the I Agree button.
