

Geo Location

Last Modified on 11/07/2016 1:05 pm EST

If your company enforces Geo Location, then location services should be active on your device. Enforcing Geo location means that Time & Attendance requires that location services are on when you clock in and clock out.

The Location button is below:

Click on the Location button to see the task Start and Finish locations. Hover over the markers to view the Clock In/Out time and date.
